Gunnedah Prime Cattle

Numbers increased by 1360 head to 3460.

Market trends varied through the young cattle and quality was a major factor in price change. The plain and secondary quality vealer steers to restockers were significantly cheaper as demand weakened. The better quality medium weight steer vealers to restock and feed remained close to firm with some quality and breed related price change. Heifer vealers were cheaper across all classes, both to the trade and to restockers. Once again the plain and secondary cattle significantly so. Plainer quality yearling steers to restock and feed sold to cheaper trends. The good quality medium and heavy feeders remained close to firm with breed a factor in price change. Yearling heifers to restock and feed saw a firm to cheaper market trend with the plainer quality cattle as much as 20c/kg easier
